

Looking for an online, comprehensive solution for all your pre- and post-enrollment member material needs?

Newkirk's *EnrollPlus*® Health has got you covered. Designed exclusively for use by Managed Care Organizations (MCOs), Third Party Administrators (TPAs), and self-funded health plans, *EnrollPlus Health* can be accessed via the Internet to easily build enrollment materials, produce custom documents, and create complete informative kits that you can bulk ship or mail to members' homes with ease.

With *EnrollPlus*® Health you'll find:

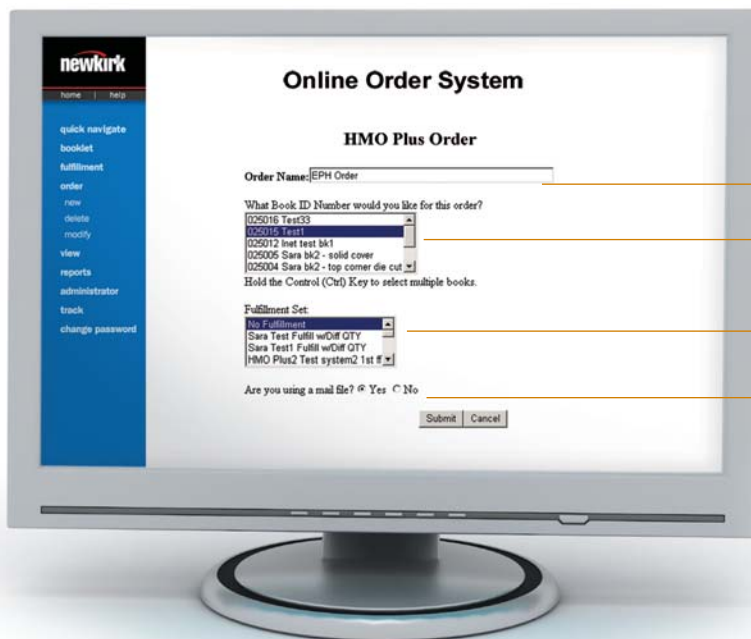

A user-friendly online kit creation and order placement solution proven to eliminate waste and the warehousing of obsolete inventory.

Distribution management and shipment tracking with convenient proof notification, review, and approval.

A choice of covers and a variety of colorful pre-printed and perforated paper stocks to choose from, including carbonless forms.

Significant administrative tools that allow for simple categorization of information, file manipulation, and page ordering.

The ability to choose the most cost-effective print technology for each piece — offset print larger quantities, or use on-demand printing for smaller customized kit distribution.

Name your order.

Choose booklet for order.

Select fulfillment items.

Select and upload mail file if needed.

Features

Internet accessible.

Create and approve enrollment and custom communications anywhere you have Internet access.

A complete enrollment solution.

Create enrollment booklets that contain a custom cover letter, summary of benefits, copayment schedules, contracts, handbooks, enrollment forms, and a full, partial, or regional provider directory.

NEW! Comprehensive fulfillment kits.

Easily incorporate both print-on-demand and pre-printed items within the same kit.

NEW! Upload mailing files.

Upload a .csv address file to a specific order and send everyone on your list all items in the kit. Or upload your file to our secure FTP site to allow for varying kits to be mailed to your members.

NEW! Shipping options.

Users who have uploaded their documents can select from various distribution methods — bulk boxing from a variety of suppliers or mail services including Single Piece Bound Printed Matter, GlobalMail, and USPS First-Class Mail.

NEW! Secure login.

EnrollPlus Health is hosted on Newkirk's secure server and includes strict password creation and maintenance.

Benefits

EnrollPlus Health is affordable.

There are no hidden costs or fees.

EnrollPlus Health is flexible.

Customization capability allows the user to add any form or document that can be easily uploaded as a PDF file or produced separately and added as an insert.

EnrollPlus Health is professional.

Materials produced through *EnrollPlus Health* will present your organization at its best.

EnrollPlus Health is quick and easy to set up.

There's no special programming needed to build and distribute a membership kit.
